

Looking for Partners in Development of Innovation in Active Ageing [KA2 – Adult Education]

The project aims inclusion of retired people into active ageing by benefitting their job skills in order to transmit them to young workers.

Project Duration (2 Years): 01.10.2018 – 30.09.2020

Aim:

The projects aims inclusion of retired people into active ageing by benefitting their job skills in order to transmit them to young workers.

The Objectives:

- to institute a cooperation on active ageing among local governments (or public authorities), NGOs, and universities,
- to create/raise awareness among citizens to understand that being retired is more likely getting involved in social life and transmit their experiences.
- to benefit retired people as mentors to transfer their experiences to new generation.

Target Groups:

- Focused on retired people who are willing to share their job/life experiences,
- The young people who participated in the project as mentee,
- Representatives from local governments, universities and NGOs who are participating in Seminars and Final Conference can be assumed as indirect beneficiaries of the project.

Project Partners:

Besides Pendik Municipality, there will be partners which focus active ageing namely other local governments, NGOs, and universities from 4 other EU programme countries.

Main Activities:

Preparing Need Analysis,
Creating Training Modules,
Choosing Target Groups,
Organizing Pilot Trainings,
Revision of Modules
Dissemination Activities
